

Staying connected with citizens throughout our community and maintaining a consistent dialogue with them is important to me. Through my conversations with people throughout Langley I've heard, "Council does not listen to us, they are not working for the very people who elected them"

PATERSON

As a resident of Langley for 28 years I have been active and committed to helping my community.

I was honoured to serve six years on Langley's Board of Education between 2002- 2008 and then decided to run in 2008 for Langley Township Council and came within a few hundred votes of securing a seat.

Over the last three years I have remained engaged by regularly attending Council meetings, public hearings, public forums and speaking before Council on issues like Mufford overpass, Parklane development in Fort Langley, Say No to 208th St. Truck Route, Athentry Gate in Yorkson, the Hopington Aquifer and east Langley water line route to name a few.

Through this commitment I have been able to stay connected not only with the citizens but also keeping informed of issues affecting people throughout all of Langley.

Given the opportunity to represent Langley I commit to the following:

- ✔ To work with Council to improve the consultation process to be more inclusive of citizens.
- ✔ To seek solutions as to how we can do a better job of engaging the public in our long term community planning process
- ✔ Keep taxes in line with the cost of living
- ✔ Budget within our means
- ✔ To work towards improving the process of securing benefits (amenity contributions) from developers who seek approval for large development projects

- ✔ Protect our farmland
- ✔ To do all I can to see that Langley receives it's fare share of efficient, affordable and sustainable transit and transportation
- ✔ To make myself available to you, listen to your concerns and do my very best to become informed on all matters affecting Langley.
- ✔ To work towards keeping Langley a healthy safe community for you and your family
- ✔ To be a respectful representative on Langley Council and encourage a positive working environment for Langley Township staff and employees
